ELIGIBILITY CRITERIA
The Mosaic Life Care financial assistance eligibility criteria is based on residency, gross household income, and household size.

Residency: To be eligible to receive financial assistance, the person applying for assistance must be a resident in a zip code from the list on Attachment B. A student attending school in one of the zip codes listed, at the time care was given, is eligible to apply for assistance. A student who is not claimed as a dependent on his or her parent’s or parents’ tax return will be evaluated based on the student’s income. If the student is claimed as a dependent, the parent’s or parents’ household income will be used to determine if he or she is eligible for financial assistance.

Gross income and household size: At Mosaic Life Care a reduced price is given to eligible patients or guarantors.
- Full or Partial Financial Assistance is granted to eligible patients with a household income of up to 300 percent of Federal Poverty Guidelines per the below schedule.

Providers not covered by this policy: Services from providers who are not employed by Mosaic Life Care are not covered under this policy, including those listed on Attachment D.

Financial assistance is not given for co–payments or for amounts that are due after insurance when the patient fails to get the needed referrals or approvals when insurance requires it. Financial assistance is offered to insured patients only if the insurance contract allows it. Patients with tax-advantaged, personal health accounts such as a Health Savings Account, a Health Reimbursement Arrangement or a Flexible Spending Account, will be expected to use these funds prior to being approved for financial assistance.
EMERGENCY MEDICAL SERVICES

Mosaic Life Care will provide emergency care in accordance with Federal Emergency Medical Treatment and Labor Act (EMTALA) regulations. All patients are seen and given care prior to being screened for financial assistance and/or payment ability in an emergency. Care will be provided at an equal level for all patients, regardless of ability to pay.

FINANCIAL ASSISTANCE

Financial assistance may be given to patients or their guarantors who meet the guidelines for what is required in terms of residency and income levels under this policy. Mosaic Life Care expects patients or guarantors to cooperate by applying for assistance or other public programs we identify as sources of help to cover the cost of services and care. Patients or guarantors who choose not to cooperate may be denied financial assistance.

Federal poverty guidelines determine if the patient or guarantor is eligible for financial assistance. Eligible applicants qualify for one of the following:

**Full or Partial Financial Assistance:** The full or partial amount of charges, for eligible services given at Mosaic Life Care are waived and covered for the patient, or guarantor, if the following guidelines are met;

1. The applicant meets eligibility criteria and has a yearly household income that does not exceed 300 percent of Federal Poverty Guidelines, and
2. All other payment sources have been explored and applied for including; private coverage, federal, state and local medical assistance programs, and other forms of financial assistance offered by third parties.

For eligible services provided at Mosaic Life Care clinics, all amounts due from the patient, with the exception of copays, are included if the following guidelines are met;

1. The applicant meets eligibility criteria and has a yearly household income that does not exceed 300 percent of the Federal Poverty Guidelines, and
2. All other payment sources have been explored and applied for including private coverage, federal, state and local medical assistance programs, and other forms of assistance provided by third parties.

**COBRA premium assistance:** Patients, or guarantors, are expected to apply for programs and other funding sources Mosaic Life Care identifies, including COBRA (the extension of health–care benefits for a limited time once employment ends) coverage. If Mosaic Life Care determines COBRA coverage is possible and the patient does not receive Medicare or Medicaid, the patient or guarantor must provide Mosaic Life Care with the COBRA premium notice.

**Payment plans:** A reasonable, no–interest payment plan may be made between Mosaic Life Care’s current payment plan vendor and the patient or guarantor for any amount due that remains once all discounts for financial assistance has been applied.

Patients or guarantors must communicate with Mosaic Life Care any time an agreed–upon payment plan cannot be paid on time. Lack of communication may result in the patient’s account being sent to a collection agency.
Catastrophic: In the event an uninsured patient receives medical care at Mosaic Life Care and the amount due from the patient is twice the amount of the household’s annual income, they will qualify for financial assistance. The patient will receive financial assistance after providing the required documentation, no matter the residency of the patient.

**PRESUMPTIVE ELIGIBILITY**

For patients, or their Guarantors, who are non-responsive to the Mosaic’s application process, other sources of information may be used to make an individual assessment of financial need. This information will enable Mosaic to make an informed decision on the financial need of non-responsive patients, utilizing the best estimates available in the absence of information provided directly by the patient.

Electronic presumptive screening provides a community benefit by enabling Mosaic to systematically identify financially needy patients, reduce administrative burdens and provide Financial Assistance to patients and their Guarantors, some of whom may have not been responsive to the financial assistance application process.

Mosaic may use a third party to electronically review a patient or the patient’s Guarantor information to assess financial need. This review utilizes a healthcare industry-recognized, predictive model that is based on public record databases and does not access the patient or guarantor’s credit file. The model’s rule set is designed to assess each patient based upon the same standards and is calibrated against historical Financial Assistance approvals by the Hospital Facility. This enables Mosaic to assess whether a patient is characteristic of other patients who have historically qualified for Financial Assistance under the traditional application process.

When the model is utilized, it will be deployed prior to bad debt assignment or after all other eligibility and payment sources have been exhausted. This allows Mosaic to screen all patients for Financial Assistance prior to pursuing any extraordinary collection actions. The data returned from this review will constitute adequate documentation of financial need under this Policy.

In the event a patient does not qualify for presumptive eligibility based on this model, the patient may still provide requisite information and be considered under the traditional financial assistance application process.

Patient accounts granted presumptive eligibility based on this predictive model will be reclassified as financial assistance and any remaining balance due will be forgiven. For these accounts, refunds will only be granted if the patient subsequently completes the application process.

Patient accounts granted presumptive eligibility status will be provided care at no charge for eligible services for retrospective dates of service only. This decision will not constitute a state of care at no charge as available through the traditional application process. These accounts will be treated as eligible for Financial Assistance under this Policy. They will not be sent to a collection agency, will not be subject to further collection action, and will not be included in Hospital Facility bad debt expense. Patients will not be notified to inform them of this decision when the patient qualifies for the most generous level of 100% Financial Assistance.

If the electronic screening process is used to provide the patient with any discount level less than the most generous level of 100% Financial Assistance, Mosaic will notify the patient of the partial discount, provide information on what information was accessed to reach that decision, provide the patient and/or guarantor with information on how to apply for the most generous level, and provide the patient with time to apply as required by law.
AMOUNTS BILLED TO PATIENTS ELIGIBLE FOR FINANCIAL ASSISTANCE

Basis for calculating amounts generally billed: Following a determination of financial-assistance eligibility, an individual will not be charged more than the amounts generally billed (AGB) individuals with insurance covering the same care for emergency or other medically necessary care.

The AGB is calculated, or determined, using the “look-back method,” which is as follows:

1. Mosaic Life Care reviews all past claims that have been allowed by Medicare fee-for-service and all private health insurers paying claims to Mosaic Life Care for medically necessary care by the hospital in the prior calendar year. The total amount includes co-payments, deductibles and co-insurance.

2. The AGB percentages are calculated annually by dividing the sum of claims allowed by Medicare fee-for-service together with all private health insurers to Mosaic Life Care by the sum of the associated gross charges for those claims.

3. The percentages are applied by the 120th day after the end of the calendar year Mosaic Life Care uses to calculate the AGB percentage(s).

APPLYING FOR FINANCIAL ASSISTANCE

Patients will be informed of the Mosaic Life Care Financial Assistance Policy and the process for submitting an application. to determine if the patient or guarantor is eligible for financial assistance, Mosaic Life Care asks for the necessary information and documents to prove household size, income, and residency. A completed application for financial assistance should be submitted within 240 days from the date of the first post-discharge billing statement.

Mosaic Life Care will make reasonable efforts to explain the Medicaid benefits, the health insurance exchange and coverage, and other public and private coverage that may apply. Mosaic Life Care will also provide the details of these programs and offer to help patients and guarantors apply for them as well as, private programs and COBRA coverage. Once the patient or guarantor is screened to be potentially eligible for any of these programs, public or private, Mosaic Life Care expects him or her to apply. If a patient or guarantor chooses not to apply, he or she may be denied financial assistance.

If the patient or guarantor is potentially eligible for any third-party coverage, he or she must provide documentation of approval or denial of that third-party coverage before a Mosaic Life Care financial assistance application will be accepted.

Information on the Mosaic Life Care Financial Assistance Policy will be communicated to patients in a culturally appropriate language. Information about the policy will be translated in the most prevalent languages in the Mosaic Life Care primary service area.

Documentation: All applicants seeking financial assistance must submit required documents, if any, to verify income including all sources of income received by the household unit. If required documents are not supplied, Mosaic Life Care may ask for other information to be received within 30 days. If the applicant fails to provide 100% of the required documents, then a decision about financial assistance may be made based solely on the information provided.
Income documentation may include but is not limited to the following:

1. Money, wages (including overtime) and salaries before any deductions. Gross receipts from pay received for non-farm or farm self-employment.

2. Regular payment from Social Security, railroad retirement, unemployment compensation, strike benefits from union funds, workers’ compensation, veterans’ payments and public assistance (including Aid to Families with Dependent Children).

If a submitted financial assistance application is incomplete, a letter will be mailed to the applicant requesting the required information. The application will remain active for 30 days from the date the letter was mailed to the applicant asking for additional information. ELIGIBILITY DETERMINATIONS AND DISPUTE RESOLUTION

Eligibility determinations will be made in accordance with the Mosaic Life Care Financial Assistance Policy. Reasonable efforts will be made to issue a decision timely once a completed application is received. The applicant will be informed in writing of the decision within a reasonable amount of time from the date Mosaic Life Care receives a completed financial assistance application. If financial assistance is denied, Mosaic Life Care Benefit Advisors will record the reason for the denial in our electronic billing system.

Determination for financial assistance will be made after all efforts to qualify the patient for Medicaid or other public programs have been exhausted. If a decision on such coverage is pending, Mosaic Life Care will not begin extraordinary collection actions.

Applicants denied assistance may reapply if there has been a change of income or status. The original, signed applications will be kept on file.

As noted above, if an application is incomplete, the applicant will be notified by mail that more information is needed to complete the application process. The applicant will be informed of the deadline for providing this information — 30 days from the date the letter was mailed asking for needed information. If the applicant does not respond within the 30–day timeframe, the application will be denied.

Applicants found ineligible for financial assistance may dispute the decision in writing by providing information as to the reason for the dispute and any helpful information to describe the basis for the dispute or appeal. A dispute or appeal letter must be received within 30 days of the date of the determination letter.

NOTIFICATION OF FINANCIAL ASSISTANCE

Information on the Mosaic Life Care Financial Assistance Policy is offered in the patient admission or discharge information packet. Information on the Financial Assistance Policy and how to contact Mosaic Life Care for further information or help in applying is posted in the Medical Center and Clinic admitting locations, as well as, the hospital emergency department. Financial assistance information is also included on monthly patient statements and any time communication is made with a patient about an outstanding balance, (either inbound or outbound) the patient will be verbally notified of the Financial Assistance Policy. Mosaic Life Care’s Financial Assistance Policy is also given to agencies and nonprofit organizations serving people who have limited financial resources in the Mosaic Life Care service area. The Mosaic Life Care Financial Assistance Policy is available on the Mosaic Life Care website at https://www.mymosaiclifecare.org/myFinancialOptions.

REFUNDS

Mosaic will refund any amount that the individual has paid for care that exceeds the amount he or she is determined to be personally responsible for paying as a Financial Assistance Policy eligible individual, unless such amount is less than $9.99, excluding Clinic and Emergency Room copays if those payments occurred within 240 days from the date of the financial assistance application (or such other amount set by notice of other guidance published by the Internal Revenue Bulletin).

COLLECTION ACTIONS TAKEN IN EVENT OF NON-PAYMENT

Collection actions: No account will be subject to collection actions within 120 days of issuing the first post-discharge statement and without first making reasonable efforts to determine whether the patient is eligible for financial assistance. No extraordinary collection actions will be pursued against a patient if the patient or guarantor has provided documentation showing that an application has been submitted for Medicaid or other publicly sponsored health programs, and that an eligibility determination is still pending.

If a statement is sent to a patient or guarantor, and mail is returned as undeliverable, Mosaic Life Care will attempt to find a correct address. If the correct address cannot be found, Mosaic Life Care will attempt to contact the patient or guarantor by telephone at the number listed by the patient or guarantor. If efforts to communicate with the patient or guarantor fail, accounts will be sent to a collection agency.

Reasonable efforts to inform patient of financial assistance: Prior to sending an account to a collection agency, the patient or guarantor will generally receive a minimum of four written statements including the first post-discharge statement and three subsequent statements. These statements will include a telephone number for information on paying patient balances and a notice about financial assistance.

If an agreement has not been made to resolve the account, the fourth and final statement will be sent to the patient or guarantor. This statement acts as a notice to the account owner of the amount owed to Mosaic Life Care and that the account will be placed with a third-party collection agency in 30 days. This statement will include a plain language summary
and will outline any collection actions that may be taken if a plan is not put in place to settle the account.

There are other times when accounts may be placed in collections including when:

1. The patient or guarantor has not made timely payments according to the agreed-upon payment plan.
2. The patient or guarantor has received a financial assistance discount but is no longer working with Mosaic Life Care in good faith to pay off the remaining amount owed.

**Extraordinary collection activities:** Once an account is with the collection agency, the following actions may be taken to make sure debt for services and care is paid. They are “Extraordinary Collection Activities:"

1. Seizing the patient's or guarantor's bank account
2. Civil actions
3. Property liens
4. Garnishing of wages
5. Reporting adverse information to credit bureaus

Before “Extraordinary Collection Activities” can begin, the account must be reviewed, and approval must be given by Mosaic Life Care Patient Billing Leadership. When one of these actions is to be taken against a patient or guarantor, the patient or guarantor will be given a 30–day written notice of the action to be taken. The patient or guarantor will also be informed of the Mosaic Life Care Financial Assistance Policy and how to apply for it. A plain language summary of the Financial Assistance Policy will be included with the notice.
